**Re: Install All-way stop operation for 3rd Street and A Street, NE
Notice of Intent #19-65-TOA**

Dear Chairperson Wirt:

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following modifications in your jurisdiction:

- Install an all-way stop control at the intersection of 3rd Street and A Street, NE

Currently, the intersection of 3rd Street and A Street, NE is controlled by a STOP sign on the A Street, NE, approach, which means that traffic that approach the intersection on A Street approaches is required to stop and thereafter shall yield the right of way to traffic in the intersection or approaching on 3rd Street, NE. DDOT was contacted by Advisory Neighborhood Commission 6C concerning pedestrian and traffic safety at the intersection.

In the interest of pedestrian and traffic safety, an independent determination has been made by DDOT to install an all-way stop control on 3rd Street and on A Street, NE, which will require traffic on all approaches of the intersection to stop before proceeding through the intersection.

All comments on this subject matter must be filed in writing, no later than thirty (30) days after the date of this notice, with the District Department of Transportation (DDOT), Transportation Operations Administration at 55 M Street, SE, Washington, D.C. 20003. If you

would like to check the status of this Notice of Intent (NOI), please visit DDOT's website at:
