Washington, DC 20003

**Re: Installation of Traffic Control Signal – Ward 6  
Notice 13-97-TOA**

Dear Commissioner Loveland

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to each of the affected ANCs and the City Council Secretary for the purpose of notification and solicitation of comments on our intent to implement the following in your jurisdiction:

- Installation of a New Traffic Signal at the Intersection of 11<sup>th</sup> Street and Southeast Boulevard, SE.

*Currently, the intersection of 11th Street and Southeast Boulevard, SE is under construction to complement new travel patterns being established as a result of the reconstruction of the 11th Street Bridges over the Anacostia River. A new traffic signal is to be installed at the intersection of 11th Street and Southeast Boulevard, SE as part of the scope of work for the 11th Street Bridge Reconstruction Project. DDOT has determined that expected increases in vehicular and pedestrian activity as a result of these traffic pattern adjustments justify the installation of traffic signal control. The proposed new traffic signal will provide for the safe and efficient movement of vehicular and pedestrian traffic through and in the vicinity of this intersection, and it can be coordinated with adjacent traffic signals on the 11th Street, SE corridor to minimize disruptions to through traffic.*

*Therefore, in the interest of promoting the safe and efficient movement of vehicular and pedestrian traffic through and in the vicinity of this intersection, an independent determination has been made by the DDOT Transportation Services Administration to install and operate a traffic signal at the intersection of 11th Street and Southeast Boulevard, SE.*

All comments on this subject matter must be sent to Mr. James Cheeks of the District Department of Transportation at 55 M Street, S.E., 6th Floor, Washington, D.C. no later than thirty business days (30) after the date of this notice. This notice of intent and all comments received will be posted on DDOT's Website at:

<http://ddot.dc.gov/DC/DDOT/Services/Notice+of+Intent?nav=3&vgnextrefresh=1>

Regards,
