**Re: Roundabout at Warren Street and 42nd Street, NW
Notice 13-62-TOA**

Dear Mr. Bender,

Pursuant to the "Administrative Procedure Amendment Act of 2000" D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following modification in your jurisdiction:

- Installation of a New Roundabout at north approach and south approach of Warren Street intersection at 42nd Street, NW.

Currently the intersection of 42nd Street and Warren Street, NW presently operates as an unsignalized intersection with stop control on Warren Street. However, DDOT/Office of the Director has received request for installing roundabouts at the study intersection. In the interest of pedestrian and vehicle safety, an independent determination has been made by the DDOT/Transportation Operations Administration (TOA) to install roundabouts at north approach and south approach of Warren Street intersection at 42nd Street, NW.

All comments on this subject matter must be sent to Mr. James Cheeks of the District Department of Transportation at 55 M Street, S.E., 6th Floor, Washington, D.C. no later than thirty business days (30) after the date of this notice. This notice of intent and all comments received will be posted on DDOT's Website at:

Regards,

James M. Cheeks, Jr. FITE
Chief Traffic Engineer, DDOT
